Worli Mumbai - 400 101

Sub: Usage of Identity Systems Product for Data De-duplication

Dear Mr. Banerji,

This is to certify that we have been using Identity systems software to identify duplicates for use in the LIC (Life Insurance Corporation of India) Data warehousing project.

The data comprises of 320 Million life insurance policy master records across all of LIC's branches all over India where the duplicates have been identified for entire 320 Million records.

Name, address, Gender & Date of birth is used as the basis of identification of duplicates.

This software was procured from your organization by us on behalf of LIC after extensive evaluation of all known vendors. The product has performed well on such a large database of Indian addresses both urban & rural.

This letter is issued on your request.

Regards
Yours truly

Venkatachalam Balivada
